**WARNING:** Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contravene to identify itself. Personal information such as social security number, bank account numbers, credit card numbers, etc., (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted by the petitioner/applicant, it will be removed from the file without notice. The removal of such information does not constitute an admission to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public upon its publication to the application (unless a non-publication request in compliance with 37 CFR 1.213(a)) is made in the application) or issuance of a patent. Information contained in published applications or an abandoned application may also be available to the public if the applicant is referenced in a published application or an abandoned application which has been examined by the Office.

Petitioner/applicant is advised that documents which form the record of a patent application (such as the PTCIS&K01) are placed in the Public Domain under the provisions of 37 CFR 1.201(c). COMMERCIAL PATENT SYSTEM name: Patent Application Files. Documents not retained in an application file have the following system names: Patent Application File System of COMMERCEPAT-TM-10, System name: Deposit Accounts and Economic Funds Transfer Profiles.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that those statements were so made with full faith and belief that they are true and the files so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that each truthful false statement knowingly makes the validity of the application or any patent issued therefrom.
